

Regular Session, 2005  
SENATE CONCURRENT RESOLUTION NO. 104  
BY SENATOR ELLINGTON AND REPRESENTATIVE MCVEA

**ENROLLED**

A CONCURRENT RESOLUTION

To express the support of the Legislature of Louisiana for the potential location of an advanced nuclear energy plant at Entergy Nuclear's River Bend Station.

WHEREAS, NuStart Energy Development, LLC, a consortium of nuclear power companies, recently announced that Entergy Nuclear's River Bend Station is being considered as a site for one of the nation's first advanced nuclear energy plants in thirty years; and

WHEREAS, being chosen as one of six finalists for the potential location of an advanced nuclear energy plant is an exciting opportunity that the legislature recognizes as a vital component of the state's efforts to attract new jobs and industry; and

WHEREAS, the potential location of an advanced nuclear energy plant at Entergy Nuclear's River Bend Station will no doubt be an excellent economic development opportunity for the people of West Feliciana Parish and the entire state of Louisiana; and

WHEREAS, Entergy Nuclear's River Bend Station has an extraordinary level of support from the citizens of West Feliciana and the state as a whole, provides numerous job opportunities, and has an impressive record of operational safety, all of which warrant the River Bend Station being chosen for the location of an advanced nuclear energy plant.

THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby express its support for the potential location of an advanced nuclear energy plant at Entergy Nuclear's River Bend Station.

BE IT FURTHER RESOLVED that a copy of this Resolution shall be transmitted to E. Renae Conley, President and CEO of Entergy Louisiana, and to Marilyn C. Kray, President of NuStart Energy Development, LLC.
