**NEI Training Facilitators:**

**Rich Mogavero** is a Director within the Nuclear Energy Institute and is the Chairman of the NEI Cyber Security Task Force. Prior to working with NEI, he held roles within Nuclear Oversight, Engineering, and Nuclear Security for Talen Energy. He has experience in Nuclear Cyber Security, Access Authorization and Insider Mitigation, and Unmanned Aircraft Systems. In addition, he has a bachelor’s degree in Criminal Justice from Marywood University.

**Dave Feitl** has been the Cyber Security Program Manager, supporting Xcel Energy Nuclear operations, overseeing Cyber Security at Monticello and Prairie Island for the past eight years, and has been involved with the Nuclear Cyber Security Program management since 2011. Dave has over 30 years in designing, implementing, and documenting technology solutions. Dave is currently a member of the NEI Cyber Security Task Force and former Chair of the NITSL Cyber Security Standing Committee. Dave has also been actively involved in the Cyber Security Workgroup for Utility Services Alliance (USA).

**Chance Siri** is the Cyber Security Program Manager and Supervisor at Pacific Gas & Electric’s Diablo Canyon Nuclear Power Plant (DCPP) and has held that role since 2018. Previously, he was a Senior Digital Systems Engineer at DCPP and was responsible for many of DCPP’s industrial control systems, plant data networks, and digital security systems. He has been a proud PG&E employee for over 20 years at California’s last standing nuclear facility. Chance has a Bachelor of Science degree in Computer Engineering from Cal Poly State University in San Luis Obispo and an MBA from the University of La Verne. Chance is a member of the NEI Cyber Security Task Force. He also holds several GIAC certifications.
