Sponsorship and Exhibit Opportunities

August 12–13, 2025
Tampa, FL

For more information and to register, visit nei.org/fof

GENERAL INFORMATION

FORCE-ON-FORCE (FOF) is one of the industry's largest and most resource-intensive inspections and is essential in overseeing nuclear power plant security programs. Strict security protocols are critical in every aspect of nuclear power generation, from original design through plant construction to operation. Robust physical defenses, redundant security systems and highly trained security officers protect our plants from threats.

REACH YOUR AUDIENCE

- Security directors, managers, supervisors and trainers
- Nuclear and fuel-cycle facility security professionals
- Security services providers and vendors
