

Nuclear Energy Policy Forum

nei.org/nepf

Sponsorship Opportunities

May 12–13 • Washington DC

GENERAL INFORMATION

THE NUCLEAR ENERGY POLICY FORUM

gathers industry leaders, policy stakeholders, and experts in clean energy and energy independence for pivotal discussions on nuclear energy policy and advocacy.

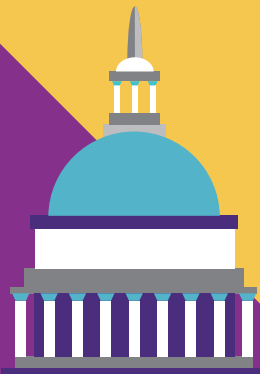

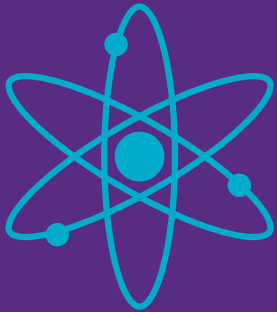

REACH YOUR AUDIENCE

Connect with decision-makers, executives, government affairs staff, and policy leaders from NEI member companies, alongside representatives from Capitol Hill and agency staff, non-profits, NGOs, national laboratories and universities. Demonstrate your support of the industry by being a sponsor.

SPONSORSHIP BENEFITS

Attendees gather to hear and learn about various topics and current issues important to the nuclear energy policy and advocacy landscape. Highlight your company's support of the industry and keep its name in the minds of top energy professionals.

AUDIENCE PROFILE

Your brand will connect with senior leaders and influential stakeholders shaping nuclear energy policy, deployment, and investment across the nuclear energy sector.

SENIOR UTILITY EXECUTIVES & POLICY LEADERS

Senior executives, government affairs professionals, and policy leaders from NEI member companies, including leaders from nuclear utilities, focused on advancing policy priorities that support existing generation, new nuclear deployment, and long-term energy security.

INDUSTRY EXECUTIVES FROM DEVELOPERS, CUSTOMERS & ALLIED INDUSTRIES

Executives from nuclear developers, energy customers, technology providers, and allied industries engaged in commercial deployment, innovation, supply chain development, and market expansion for nuclear energy.

CONGRESSIONAL COMMITTEE & FEDERAL AGENCY STAFF

Professional staff from Congressional committees and federal agencies involved in the development, oversight, and implementation of energy and nuclear policy.

STATE POLICYMAKERS & REGULATORS

State-level policymakers, regulators, and regulatory staff engaged in energy policy, permitting, oversight, and implementation affecting nuclear generation and deployment.

INVESTORS, LENDERS & FINANCIAL INSTITUTION REPRESENTATIVES

Investors, lenders, analysts, and financial professionals focused on energy infrastructure, project finance, capital investment, and market structures supporting nuclear energy projects.

NGOS & NATIONAL LABORATORIES

Representatives from non-governmental organizations, national laboratories, and research institutions contributing independent analysis, technical expertise, and policy perspectives to nuclear energy discussions.

UNIVERSITIES (MD / DC / VA)

Academic leaders, faculty, and researchers from regional universities contributing research, workforce development, and policy-relevant expertise to the nuclear energy dialogue.
